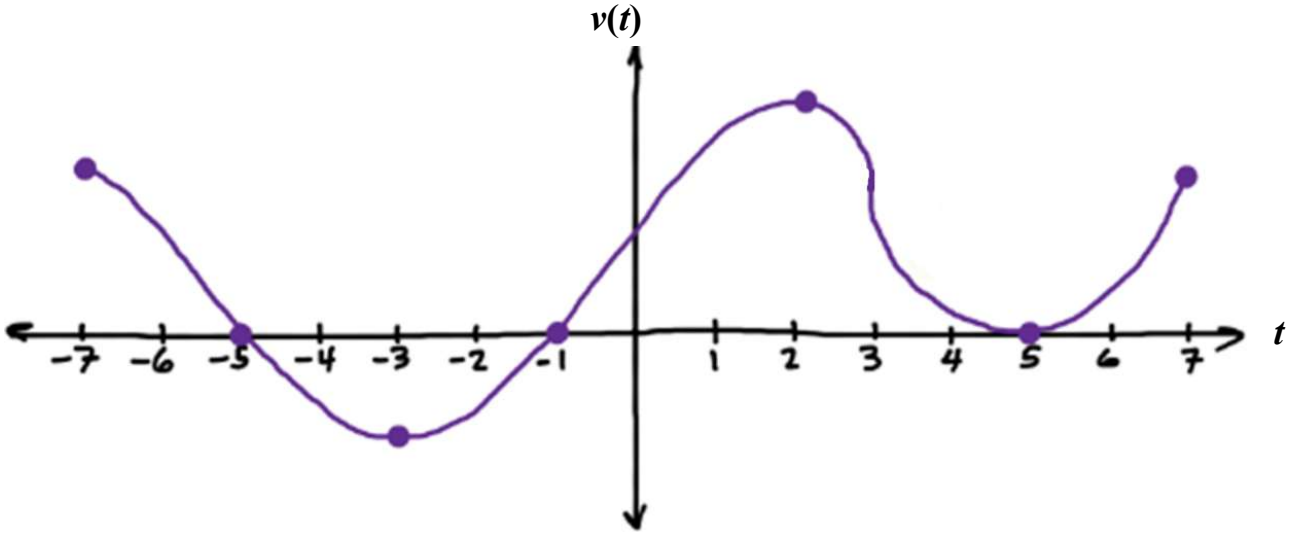
Warm-up Problem—Velocity
AP Calculus Name_____


The graph of the velocity, v(t), of a particle on [–7, 7] is given below. The graph has horizontal tangent lines at x = –3, x = 2, and x = 5, and a vertical tangent line at x = 3.
(a) When is the particle moving to the right? to the left? JUSTIFY YOUR ANSWERS
(b) When is the acceleration positive? negative? JUSTIFY YOUR ANSWERS
(c) When is the particle speeding up? slowing down? JUSTIFY YOUR ANSWERS
